My S.O. has got depression (ツレがうつになりまして。)

Jovita

500 Days of Summer meets Revolutionary Road

A hopeful and bittersweet story about how a young couple copes when one of them sinks into depression. Great performances brought tears to my eyes as I witness their struggle and eventual triumph over the darkness. The treatment of such an ignored but common occurrence of clinical depression was tasteful, positive and very informative. In addition to enjoying it, I realised at the end of the movie that I have learned a few things about this debilitating illness. 🌀
